**“The mission of the South Coast Task Force on Youth Safety is to improve and support the safety and quality of life for youth, their families, and the community.”**

### **Guiding Principles**

The South Coast Task Force on Youth Safety will:

1. Remain as a convener in the south coast to facilitate coordination, blending of resources, and partnerships by the agencies that serve youth in at risk situations.
2. Advocate for and value the importance of a collective community effort.
3. Provide opportunities for parents and youth in at risk situations to provide input.
4. Advocate for a full range of client specific services to youth in at risk situations based on individual needs of youth and their families.
5. Advocate for prevention, intervention, and enforcement services for male and female youth in or at risk of becoming involved in gangs.
6. Advocate for comprehensive prevention and intervention services to youth in at risk situations.
7. Advocate for the needs of male and female youth susceptible to victimization.
8. Advocate for evidence-based and promising programs that can be evaluated for program outcomes.
9. Be patient, problems affecting today's youth have been long standing; solutions will not be accomplished overnight.
